

## Arizona Report of Public Agency Performance on Suspension/Expulsion Rates for Students with Disabilities

### Indicator 4: Suspension/Expulsion Rates

Percent of PEAs that have a significant discrepancy in the rate of out-of-school suspensions or expulsions of children with IEPs for greater than 10 days in a school year.

#### Measurement

The data are reported to the ADE/ESS by each public education agency (PEA) in the State in an annual report. Arizona defines significant discrepancy for suspension/expulsion to be 10 or more students suspended for longer than 10 days and greater than 5% of the special education population of the PEA.

#### Data

The data are from school year 2007–2008.

PEAs that are listed with an asterisk (\*) suspended students with IEPs but:

- The number of students with disabilities enrolled in the school was less than 10, or
- The number of students with disabilities who were suspended was less than 10.

In these instances, the data are not reported to ensure confidentiality.

**State Target:**  $\leq 1.4\%$  of the PEAs in Arizona have suspension rates  $> 5\%$  of their population of special education students.

**State Results:** 0.18% of the PEAs in Arizona have suspension rates  $> 5\%$  of their population of special education students.

Note: The target for each PEA is  $\leq 5\%$  (of their population of special education students).
